Engineering Aide
City of Burlington

It is a privilege to send you this letter of recommendation for Environic Solutions of Waltham.

Ayaz and his crew has done numerous projects consisting of water, sewer and drain work along with paving and concrete work not only here in Newton but I have worked with them in my previous position in Waltham As DPW Superintendent.

Environics crews are professional and respectful to their work surroundings and I would highly recommend them to do work in your city or town.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Bernie McDonald Jr.", with a stylized flourish at the end.

Bernie McDonald Jr.
Director of Streets
Newton DPW
